

# Hydro-Well II

## 100 Gallon Fresh Water Reservoir Tank

The Hydro-Well is the most affordable, feature-laden water tank on the market. This tank will last the life of your truck and then some! In addition, the Hydro-Well will ensure you've got enough water to work all day without taking up your entire van. The Hydro-Well fits snugly against the side of your van and leaves plenty of room for your equipment.

### Features & Benefits:

- Heavy-duty rotomolded body for years of use
- Transparent tank allows monitoring of water level
- 100+ gallon capacity
- 2 molded-in locations for pump sprayers
- Molded-in locations for two 5 gallon buckets
- Molded-in area for five 1 gallon jugs
- Molded-in location for AX148B Hydro-Shelf permits storage of an additional eight 1 gallon jugs
- Front and rear tie-downs for improved stability
- Molded-in threaded inserts for easy pump attachment
- Molded in baffles to reduce water movement when driving
- Design allows the Hydro-Well to fit closer to the side wall of the van than previous Hydro-Well
