

Hydro-Force

3x3W UV LIGHT

Tired of working with the lights off at your customer's house? Keep the lights on with the Hydro-Force 3x3W UV light. Under the hood are (3) three watt CREE LEDs, providing an astonishing 9 watts of UV brilliance. The light is powered by three lithium ion batteries so you have enough juice to get through the day without needing to recharge. The included charger allows you to use the batteries over and over, significantly reducing the lifetime cost of the light.

FEATURES:

- AX174 Kit includes: hard case, UV glasses, 4 slot charger, 3 lithium batteries, and 3x3W UV light.
- 395 nm wavelength
- Powered by three 2600mAh 3.7V lithium ion batteries.
- (3) CREE x 3 watt LED lights – 9 watts total
- Double O-rings for superior water seal; IP 66 waterproof
- Recessed on/off button for protection
- Aircraft grade aluminum
- Hi Temp Protection Auto Shut Off
- Glass lens (not cheap plastic)
- 3-4 hrs. continuous run time
- 50,000 hours LED lifetime

#AX174KIT

CAUTION Device emits intense UV radiation. Avoid direct or strongly reflected exposure.
Standard clear "UV Blocking" safety glasses may offer little or no protection. Use appropriate approved eyewear.
